

## BDV-E3100

Blu-ray Disc™ Theater System w/ Wi-Fi®

Amp up the action, and fill your room with theater-like sound. With built-in Wi-Fi® access blockbuster movies, shows, music, and more<sup>1</sup>-right on your TV. Plus, easily connect your smartphone with one-touch Bluetooth pairing to start streaming your music instantly<sup>11</sup>. You can now easily enjoy that perfect party mix in surround sound without the fuss of wires.

### Bullets

---

- 1000W<sup>15</sup> 5.1 channel 3D Blu-ray Disc™ Home Theater System
- Built-in Wi-Fi®: Stream Netflix®, HuluPlus™, Pandora® & more<sup>1</sup>
- Full HD 1080p: Upscale standard DVDs to near HD quality
- Wirelessly stream music from Bluetooth® devices w/just one-touch<sup>11</sup>
- Full range bass reflex speaker system & 7.1" sub-woofer
- Experience HD sound with Dolby® TrueHD and dts®-HD
- Life-like stadium sound with Football sound mode
- Wirelessly access music, photos, etc. on your home network<sup>5</sup>
- Restore lost audio fidelity with Digital Music Enhancer
- Access and playback content from USB devices
- HDMI 1.4 (w/ARC): Digital Optical & Analog Audio Inputs
- FM Radio with 20-station Presets: Remote Control

### Features

---

#### **Simple. Integrated. Powerful.**

Bring the movie theater experience home with the Full HD 1080p8 Blu-ray Disc™ player, vibrant 5.1 channel HD surround sound<sup>2</sup>, and 1000 Watts of power<sup>15</sup> to immerse you in sound.

#### **Built-in Wi-Fi® for easy setup**

Easily connect to the internet without the clutter of cables.<sup>1</sup>

#### **Make your movies more entertaining with 3D conversion & DVD HD upscaling**

Enjoy 3D Blu-ray Disc™ movies in Full HD 1080p and upscale standard DVDs to near HD quality. In addition, bring the 3D experience to your entire movie collection with the ability to convert 2D Blu-ray and DVDs into 3D movies for a stunning experience.

#### **Connect & stream music from Bluetooth® devices with just one-touch**

The easiest and fastest way to start streaming music from your NFC enabled device to your home theater system. Utilizing Near Field Communication and Bluetooth, connect and wirelessly stream music from your smartphone, tablet or other Bluetooth & NFC enabled device by touching them together just once<sup>11</sup>. No NFC, no problem...you can still connect and stream music from your smartphone, tablet, or computer via Bluetooth.

#### **Unlimited streaming choices with the Sony Entertainment Network**

With the Sony Entertainment Network, you'll never run out entertainment options with access to 100+ streaming services including movies, TV shows, and music from Netflix®, YouTube™, HuluPlus™, Pandora®, Amazon Instant Video, and more.<sup>1</sup> Also, access My Sports & Fitness apps designed for your Health and optimized for your TV.

#### **Experience movies as the director intended them to be**

Experience movies as the directors intended them to sound like with Dolby® TrueHD and dts®-HD Master Audio modes that re-produce high definition, discrete sound for uncompromised quality.

#### **Display your multi-media wirelessly from your PC with DLNA®**

Using DLNA® you can wirelessly access music, videos and photos from your PC or other compatible Android™ device and play them on your TV<sup>5</sup>.

#### **TV SideView enables you to enjoy multimedia from your Tablet on your TV<sup>12</sup>**

With the free Sony TV Side View app., you can “Throw” (display) your videos, pictures, and music on your TV from your tablet<sup>12</sup>. Also, control the player remotely with a Sony Tablet®, Android™, device, iPhone®, iPad®, or iPod touch®.

**Socialize™ with your on-line friends while you watch TV.**

Share your thoughts with your friends on Facebook™ and Twitter® via your TV with the Socialize™ application<sup>13</sup>.

**Learn more about your movies with Gracenote®**

Gracenote® searches across internet apps and external services such as YouTube® and Video Unlimited to provide you with detailed information on a wide-variety of movies<sup>14</sup>.

**Improve your movie watching experience with I/P noise reduction**

I/P noise reduction for the Blu-ray Disc™ drive is specifically designed to eliminate playback noise and to protect it from dust and other debris for a better movie watching experience.

**Quickly display multimedia with the Front USB slot**

Easily display your videos and photos on your TV or listen to your digital music by simply connecting your USB storage device to the Blu-ray player’s front USB slot for ultimate access.

1. Broadband speed of at least 2.5 Mbps recommended (10 Mbps for HD). Content subject to change and may require fees. Wireless connectivity requires an 802.11 home network.  
 2. Requires 3D content, 1080p 3D HDTV, 3D glasses, 3D emitter, and HDMI™ cable (at least 10.2 Gbps).  
 3. Applications must be downloaded from the iTunes® or Android™ application store. Check Android market from your device for compatibility. Requires devices connected to the same wireless home network.  
 4. Requires Sony HomeShare compatible products and a home network.  
 5. Requires a home network with content stored on a DLNA® compliant PC or server, and HomeShare network speaker, dock, or Blu-ray Disc player or home theater system. See dlina.org for compatibility.  
 6. Simulated 3D image will vary based on source content.  
 7. Not all USB devices are supported. Please check Owner's Manual for compatibility.  
 8. Requires compatible HDTV and HDMI™ cable sold separately.  
 9. Requires HDTV with equivalent display and HDMI™ cable sold separately.  
 10. Requires devices connected to the same wireless home network.  
 11. Requires NFC-enabled device and downloadable NFC app. Check device's user manual for compatibility.  
 12. TV SideView Application must be downloaded from the iTunes® or Google Play application store. Check Android market from your device for compatibility. Requires devices connected to the same wireless home network.  
 13. Socialize requires user to have Twitter or Facebook account setup on player and internet connectivity.  
 14. Gracenote® requires internet connection.  
 15. Measured at 3 Ohms, 80Hz – 1 kHz with a THD of 1%
