

Introducing TracVision® R1

Ultra-compact antenna for RVs

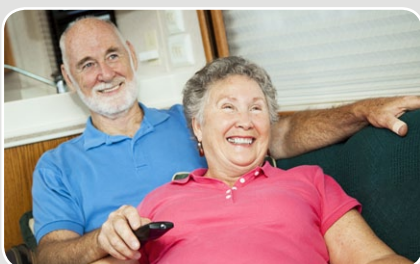

Big fun in a small package!

Key Features and Attributes

- Two configurations to meet every RV owner's needs
- Fast, reliable, and automatic in-motion DVB® satellite acquisition and tracking
- KVH's exclusive RingFire™ technology provides outstanding signal strength throughout the continental U.S., even in poor weather
- No cable wrap – for continuous, uninterrupted tracking
- Single-cable installation, even for multiple receivers
- Ultra-quiet Whisper Drive™ motor technology for quiet operation

World's Smallest and Lightest Antenna!

KVH's ultra-compact TracVision R1 is the smallest and lightest in-motion satellite TV system on the market, bringing you premium satellite TV entertainment throughout the continental U.S. Enjoy standard-definition programming from DIRECTV® or HD service from DISH Network®, whether you're parked or cruising down the highway. Thanks to KVH's RingFire technology, the R1-series offers a 12.5" diameter antenna with the highest gain in its class, delivering crystal-clear satellite TV programming wherever you go, even in poor weather. Best of all, the single-cable design makes installation a snap!

Pick from two configurations:

TracVision R1dx – Get your favorite satellite TV programs from DISH Network or DIRECTV on the road!

- 300+ channels of digital satellite TV and music from DISH Network or DIRECTV's Ku-band services
- Compatible with HDTV programming from DISH Network
- In-motion operation with rapid satellite acquisition
- KVH Whisper Drive for ultra-quiet operation
- Exclusive 12V Multi-service Interface Box/Controller with LCD for easy operation
- Single cable design and multiple mounting options for easy installation!

TracVision R1st – For the easiest setup, everything you need to bring DIRECTV onboard is in the box, including an integrated 12V Mobile Receiver!*

- 300+ channels of digital satellite TV and music from DIRECTV's Ku-band services
- In-motion operation with rapid satellite acquisition
- KVH Whisper Drive for ultra-quiet operation
- KVH's exclusive integrated 12V DIRECTV mobile receiver/controller with RF remote control, featuring onscreen system set-up and control
- Single cable design and multiple mounting options for easy installation!

*Television and DIRECTV service subscription not included.
