

## **131® Marine Speakers**

Bose® 131 marine speakers let you enjoy quality sound on your boat just as you do at home. Connect these flush-mounted boat speakers to your on-board stereo components and bring high-fidelity sound to the water, with greater clarity and consistency than you might expect from conventional marine stereo speakers.

- Flush-mounted design for pre-cut boat speaker openings
- Ported enclosure for consistent high-fidelity audio performance
- Tested to withstand snow, rain, salt and extreme temperatures

Dimensions: 12"H x 7.1"W x 3.5"D    4.5 lbs
