Key Features

Point 1

Experience the expanded smartphone connectivity with **Built-in Bluetooth® Wireless Technology.**

Built-in Bluetooth® Bluetooth®

Pioneer DVD Receivers feature built-in Bluetooth® that enables both hands-free calling and audio streaming. Including the latest Hands-Free Profile (HFP 1.6) with Wideband Speech capability, more natural sound quality and details will be provided during calls. When streaming music, you are able to browse and select the media stored on your smartphone using the AVRCP 1.4* or AVRCP 1.5** profile.

*AVRCP 1.4 for AVH-4100NEX.

**AVRCP 1.5 for AVH-X5800BHS, AVH-X4800BS, AVH-X3800BHS, AVH-X2800BS, AVH-X7800BT and AVH-280BT.

Point 2

Customizable display color and EQ brings you more enjoyment for driving.

Point 3

WVGA Clear Resistive Touchscreen with LED backlight enhances visibility.
