Bose Acoustimass 300 Bass Module

#760093-1110

Add the Acoustimass 300 wireless bass module—it's the difference between hearing bass and feeling thunder. Designed exclusively for the [SoundTouch 300 soundbar](#), it's the best Acoustimass module we've ever designed for any of our home theater systems. In fact, it's the best performance you can get for a subwoofer this size. It connects wirelessly to the soundbar and provides a more immersive experience for everything you listen to or watch.
