## HT-XT2

### Stylish 2.1 Channel Sound Base with Bluetooth®

One-piece speaker with built-in subwoofer that fits nicely under your TV. Maximize every scene and song with this ultra-slim sound base that delivers powerful sound and Bluetooth streaming capability<sup>2</sup>. Easily expand your home theater with compatible wireless speakers for real wireless surround sound. All in a stylish, slim design.

#### Bullets

---

- One-piece speaker with built-in subwoofer that fits nicely under your TV
- Play music<sup>4</sup> wirelessly via Bluetooth<sup>®2</sup> Control easily with SongPal app.
- Easily add wireless surround sound speakers
- Enjoy wireless multi-room listening<sup>3,4</sup>
- Control your TV and sound bar with a single remote via HDMI ARC connection<sup>1</sup>
- Google™ Cast ready for easy streaming of your favorite music apps<sup>4</sup>
- Music playback via USB

#### Features

---

##### Space saving design

One-piece speaker with powerful sound and a built-in subwoofer that fits nicely under your TV

##### Play music<sup>4</sup> wirelessly via Bluetooth<sup>®2</sup> Control easily with SongPal app.

Easily stream music wirelessly from your smartphone, tablet, or laptop via Bluetooth<sup>2,4</sup>. Download the free SongPal app and control with your phone or tablet.

##### True wireless surround sound

Easily add compatible Sony wireless speakers as rear surround sound speakers to enjoy an even more immersive experience.

##### Wireless multi-room listening

Let the same great song follow you around the house with multi-room listening, controlled via the SongPal app. Use SongPal Link to group selected Sony sound bars and speakers together, then stream music from different music services, a smartphone, a PC, or your DLNA network in multiple rooms throughout your home.<sup>4</sup>

##### Control your TV and sound bar with a single remote<sup>1</sup>

HDMI ARC (Audio Return Channel) means audio is also carried back to your sound bar from compatible TVs, without the need for an extra audio cable. This allows every device connected to your TV to be heard through the sound bar, so you can control everything with a single remote.<sup>1</sup>

##### Google™ Cast ready for easy streaming of your favorite music apps<sup>4</sup>

Google™ Cast lets you cast your favorite music apps, online radio stations, and podcasts from your smartphone, tablet, or PC to your sound bar. With Google Cast, your phone, tablet, or PC is your remote control. Enjoying your favorite music on your speakers is as easy as the press of the cast button. Search and browse, play, skip, and turn up the volume directly from the apps you know and love.<sup>4</sup>

##### Music playback via USB

Connect a USB device to the USB port to enjoy audio playback. Control via the on screen menu or download the free SongPal app<sup>3</sup> and control with your phone or tablet.
